REC RFP – POSTING: Draft Contracts for Comment

Published Date: 2015-03-06 08:25:05

The Illinois Commerce Commission approved the Illinois Power Agency's Procurement Plan, which includes the procurement of renewable energy credits from solar photovoltaic systems through a Request for Proposals ("REC RFP").

The REC RFP aims to procure RECs from solar photovoltaic systems for the 2015-2016 delivery year to meet Ameren Illinois Company's and Commonwealth Edison Company's requirements. The quantities to be procured will be based upon funds available in the Renewable Resources Budget. Part 1 Proposals are due on April 1, 2015 and Bids are due on April 16, 2015.

The Procurement Administrator has posted the draft contract documents to the [Renewable Energy Resources Section](#) of the procurement website. The Procurement Administrator is proposing to use the 2012 agreements with only minor changes. For each utility, consensus among that utility, the IPA, Commission Staff, Procurement Administrator, and Procurement Monitor was reached on the terms that needed to be modified in the contract documents for that utility. As approved by the ICC, the Procurement Administrator invites interested parties to submit their comments on the proposed changes that have been made relative to the previously used 2012 agreements. **Please note that comments are solicited on proposed changes only and not on the entire contract documents.**
